Student Response Worksheet
May 21, 2012 Notes from the Trail
Silver Islet and Porphyry Point Lighthouse

1) Where is the Wilderness Classroom team now? Find this location on the map and describe where it is in relation to where you live.

____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

2) When was the Silver Islet mine operational?

____________________________________________________________________________

3) How did Porphyry Point Lighthouse get its name?

____________________________________________________________________________
____________________________________________________________________________

4) What is the purpose of lighthouses? Do you think they are as essential today as they once were? Please explain why.

____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Bonus: Do a little research about Silver Islet. How much silver came out of the ground and why did the mine close?
